THE ALL IN ONE GO STANDARD

Why Alligo & How It Works

Alligo replaces dozens of fragmented apps with a unified SuperApp ecosystem designed for trust, speed, and effortless commerce.

01

Discover

Search Everything in One Place

Find local marketplace products, skilled freelancers, nearby restaurants, groceries, and instant rides from a single unified search.

Step 1 of 4

02

Connect

Direct Real-Time Communication

Chat directly with certified sellers, freelancers, and service providers to clarify project scope, custom orders, or delivery timing.

Step 2 of 4

03

04

Order / Hire

Protected Escrow Checkout

Purchase items, hire pros on milestone contracts, order courier delivery, or hail rides with encrypted checkout and multi-currency billing.

Step 3 of 4

Track & Complete

Live Updates & Release on Satisfaction

Track live parcel delivery, review submitted freelance milestones, and release payment only when you are 100% satisfied with the work.

Step 4 of 4

Built on Trust, Security & Compliance

Every transaction across Shop, Hire a Pro, Delivery, and Rides is backed by Alligo SuperApp guarantees.

100% Escrow Protection

Your payment is safely held in escrow until goods are delivered or freelance milestones are approved.

Verified Providers & Merchants

Every seller, pro, and driver undergoes strict identity verification, vetting, and performance tracking.

Multi-Currency & Mobile Money

Seamlessly pay via Paystack, M-Pesa, debit/credit cards, or direct bank transfer across regions.

24/7 Dedicated Support

Our customer success team and dispute resolution specialists are always available to help.
