Frequently Asked Questions

Everything you need to know about hiring verified pros and freelancing safely on Alligo.

What is freelancing work?

Freelancing work is a type of self-employment where individuals provide their skills and professional services to clients on a flexible project basis, rather than being employed full-time by a single company. You set your own rates, choose your clients, and work remotely or on-site.

How do I start freelancing on Alligo Pro?

Which skill is best for freelancing?
